

## LANARK COUNTY TRANSPORTATION MASTER PLAN NOTICE OF STUDY COMMENCEMENT

The County of Lanark has begun a Transportation Master Plan (TMP) to help guide the County's transportation programs (inc. road and bridge development) and investments for the next twenty years. The TMP will identify existing and anticipated future transportation needs and deficiencies, while developing a practical and financially achievable implementation plan that supports economic and environmental sustainability while achieving the future requirements of the residents and visitors to move in and around Lanark County. This study will be carried out in accordance with the requirements of Phases 1 and 2 of the Provincial Municipal Class Environmental Assessment process.

### ***Are you concerned or have opinions about:***

- Traffic safety and operations;
- Truck traffic;
- New road links;
- Commuter traffic;
- Cycling and walking;
- Rural and urban transportation issues; and
- Population and employment growth over the next 20 years and its affect on transportation.

### ***Get involved and help plan Lanark's future...***

Public input is key to the success of the TMP. Members of the public are invited and encouraged to comment on the project at any time during the Study. Several **focus groups** comprised of members of the public will meet in the late summer/early fall to discuss transportation issues of interest, including cycling, truck traffic, and traffic calming. Should you wish to be a member of one of the focus groups or suggest a topic for discussion, please contact either of the Project Team members listed below.

Opportunities for involvement will also be available through **public information centres**, the first of which will be held in the fall. Notices, study newsletters and a link to project information on the County's website ([www.lanark.county.on.ca](http://www.lanark.county.on.ca)) will also keep you informed of the study progress. If you have any comments, questions or concerns, please contact either of the Project Team members listed below.
