

Mississippi River Bridge Update

Lanark County has a Contract with Innovative Civil Constructors Inc., from Niagara Falls, ON, to rehabilitate the Mississippi River Bridge, on Highway 511, 3 km North of Balderson, ON.

Work will begin on April 28, 2014, with a completion date of November 28, 2014. There will be a one lane detour bridge, on site, with traffic signals, controlling traffic.

Starting on May 1, 2014, the bridge will be down to one lane of traffic in order to prepare for the construction of the detour bridge. We appreciate your patience during the rehabilitation of this bridge, which is integral to the local economy.
